Neither the Dy C nor the Chief Engineer can see his way to - Jr provide the funds required - The small additional grant applied for may therefore be sanctioned

7		I have ventured to suggest some pencil alterations in the draft. The expenditure on a completed work or work in progress must be found and maybe sanctioned but it is not desirable to sanction fresh additional grants for such ~~purpose~~ heads item. There can be no doubt that the small charge will be covered by general sums in the P. W. Grant and the absence of specific appropriation is due partly to difficulty felt by Spending offices in estimating their own grants W. Baron Secretary 14 2 05
